

LORRY ABLAZE

Furniture Destroyed

SYDNEY, Thursday.

While David Woods, of George-st., Fairfield, was driving a lorry laden with furniture along Liverpool-road, Chullora, yesterday, his attention was drawn to smoke and flames shooting from the vehicle.

The lorry was stopped and Woods and the owner, Mrs. K. Gaurst, sprang to the ground, to find the furniture well alight. Assisted by men working on the road, Woods attempted to save the furniture, and was slightly burnt on the arms.

Bankstown fire brigade extinguished the flames, but the furniture was destroyed.
